

İNŞAAT SANAYİ TURİZM VE TİCARET A.Ş.

STAKEHOLDER ENGAGEMENT POLICY

We, as Makyol Insaat, regard establishing open, transparent, and trust-based relationships with our stakeholders as one of the fundamental elements of our sustainable achievement. Accordingly, we adopt a participatory and sustainable communication approach that takes into consideration the comments, expectations, and requirements of our stakeholders.

To achieve this objective, we, as the Senior Management, commit to adhering to the following principles:

Systematically identify, analyze, and prioritize our stakeholders (employees, customers, suppliers, subcontractors, public institutions, local communities, and other relevant parties),

Establish and maintain effective, transparent, and two-way communication channels,

Provide information regarding our operations and impacts thereof in an accurate and timely manner,

Integrate the comments, expectations, and feedback of our stakeholders into our decision-making and continual improvement processes,

Provide equal opportunities for engagement to all stakeholders and effectively manage their feedback,

Continually improve our stakeholder engagement processes by ensuring compliance with the legal obligations and international standards,

As the employees of Makyol Insaat, it is our shared responsibility to adopt a participatory approach that takes into consideration the comments and expectations of our stakeholders and to develop sustainable relationships.
